

9.0 - PROCUREMENT

Kentucky Revenue Cabinet (KRC) employees are subject to certain procurement laws and regulations as well as Revenue Cabinet procurement policies and procedures.

Beyond merely buying, the purchasing function includes complying with state laws and regulations, locating new sources of supply and the development of short and long-term procurement strategies to maximize opportunities in the marketplace.

The policies and procedures authorized in the Procurement Standard Procedures group apply to all units of the Cabinet. These standard Procedures are intended to be used both as a working guide for the Budget and Property & Support Services Branch as well as by other departments with these branches interface.
